Description of your organization and program activities:

Calaveras County Search and Rescue, founded in 1981, and operating within the Calaveras County Sheriff's Department, is the county's first responder for off-road and wilderness emergencies.

Description of volunteer position(s) available:

We train to search under adverse conditions, and to manage rescue operations when the terrain is steep and hazardous. In the past, when flooding threatened local neighborhoods and stranded motorists, we were there. We train for swift water rescue so that our communities are prepared when disaster strikes. When skiers became lost and injured during severe weather, we were there. We are equipped and trained for snow travel and snow rescue operations. We are there when you need us...24 hours a day, 7 days a week, 365 days a year!

All search and rescue members are volunteers. Must be 18 years or older, a U.S. Citizen. All, male or female, are welcome and encouraged to get involved.

Number of positions available: Unlimited

Number of hours: At least one evening and one weekend training per month, and usually a few search and rescues per month.
