Description of your organization and program activities:

Habitat for Humanity Calaveras (HfHC) provides home ownership to responsible local families who cannot afford a home on their own. Together with volunteers, these families partner with us to build a simple but modern home that they then buy on very favorable terms. Each family volunteers 400 hours of 'sweat equity' and then has a zero-percent mortgage equal to the cost of building the home.

To help finance our construction work, we operate a ReStore at 172 California Street in San Andreas. The store recycles donated surplus building materials, lightly used furniture, appliances, and tools and other hardware. These items are for sale to the public on Fridays and Saturdays, 9:00 AM to 4:00 PM.

Description of volunteer position(s) available:

Construction supervisors

Customer service helpers

Professional crafts persons

Drivers to pick up donated items
